Experience

NOV 2023 - PRESENT

iRestify Inc, Toronto - Quality Assurance - Software Testing Traineeship

As a QA Specialist Trainee, I am dedicated to elevating the quality and reliability of our software. In this role, I have successfully led both functional and regression testing using Playwright, ensuring a robust and seamless user experience for our applications. My responsibilities include manual testing for mobile apps and PWAs, with a keen focus on utilizing Jira for defect tracking and reporting.

Key achievements include:

- Conducted detailed root cause analyses of failed Playwright tests, leading to the implementation of improved testing strategies and coverage.
- Enhanced bug reports, making them more descriptive and actionable, thereby accelerating the debugging process.
- Introduced a structured regression test plan, significantly improving the reliability and efficiency of our testing procedures.
